

## Americans Bomb Plants in Austria Reds Smash Second Nazi Defense Zone in Crimea

### Russians Advance 46 Miles in Day On a Wide Front

#### Sevastopol Next Goal of Soviets

By TOM YARBROUGH

LONDON, Thursday, April 13.—(P)—Shattering the second deep zone of German defenses in the Crimea, the Red army has raced forty-six miles in a single day down the Central Crimean railway from the vicinity of Dzhankoi to a point only eleven miles north of Simferopol and forty-six miles above Sevastopol, the "sacred goal" of the three-way offensive to liberate the peninsula, Moscow announced last night.

A simultaneous thrust from the east has cleared the enemy from all the Kerch peninsula, a communication said, and the speed of the Soviet advance indicated that the German and Romanian forces in the Crimea, failing in repeated attempts to stand, were withdrawing swiftly towards Sevastopol, perhaps to attempt to duplicate the historic defense which the Russians made under siege there in 1942.

#### Reds Storm Tiraspol

On the Mainland, the Red army, demonstrating its ability to maintain multiple offensives, stormed the Ukraine city of Tiraspol, fifty-three miles northwest of Odessa, and immediately hurled to the west bank of the Dniestr river; pushed deeper towards the Romanian oil fields by capturing Falticeni, hastening the encirclement maneuver against Chisinau in Besarabia; and squeezed the Skala pocket on the first Ukraine front around a ragged remnant of 10,000 Germans.

#### Sevastopol Voted

Sevastopol, which held against the German onslaughts until July, 1942, in one of the classic sieges of the war, was described by the Communist party paper Pravda as the "sacred goal" of the present offensive.

General Tolbukhin's men broke the German North Crimean defenses by a combination of storm and flank attack, a supplement to the Soviet communiqué disclosed today. The army coming down the Perekop Isthmus stormed and broke the positions at Ishum, a point that were the "second power zone" of the Axis line, the communiqué said. A second Russian army that had come down from the Sivash sea struck in a southwesterly direction, took the fortified town of Voinka, and advanced around the Isthmus defenses. About 3,000 enemy troops were killed and more than 2,000 captured in this operation, the Russians added.

Thus the way was opened for the swift drive into the very heart of the Crimea.

At the same time, Gen. Andrei I. Yeremenko's amphibious army announced it had freed the entire Kerch peninsula which is the eastern neck of the Crimea, and was pushing ahead within eighteen miles of Feodosiya, biggest Eastern Crimean port.

### 44 Men Missing In Ship Sinking

SAN FRANCISCO, April 12. (P)—Forty-four officers and men were reported missing and twenty-six rescued when the Standard Oil tanker H. D. Collier was torpedoed and sunk by an enemy submarine in the Arabian sea in mid-March. The Twelfth Naval District announced today.

The missing included thirty-three men of the tanker's personnel and eleven members of the navy's armed guard.

Ten officers and men of the tanker and sixteen of the armed guard were known to have been rescued.

### Black Market Threatens Gasoline Program, Secretary Ickes Says

WASHINGTON, April 12. (P)—Black market operations threaten to upset the entire civilian gasoline distribution program, Interior Secretary Ickes declared today in appealing for the public's aid in combating illicit activities.

The petroleum administrator said the distribution system had "been invaded by the gangster, the racketeer and even the killer."

"The government alone cannot stop black market operators," he added. "The real power to halt these organized criminal gangs lies in the

### New Draft Plan Asked: Sen. Taft Offers Proposal To End "Muddled and Confused Situation"

WASHINGTON, April 12. (P)—Senator Taft (R-Ohio), saying that the draft situation is muddled and confused, proposed today that the government:

1. Develop a long range draft plan for the armed services based upon probable manpower needs, with agreement among all of the executive heads concerned. Make the classifications clear and definite and permanent.
2. Announce it to the public as final except as some great emergency clearly requires a change.
3. Stick to it once adopted so that those in the various categories can plan their lives accordingly, at least for a few months.
4. Stop confusing every person in the country between the ages of 18 and 38, and let the people get down to the serious business of winning the war.

Taft noted, in a statement placed in the congressional record, that in 1943 he proposed definite deferment of fathers over 30 but "it was rejected because of a completely illogical letter" from General George C. Marshall, chief of staff.

"Now the administration has come a long way x x x with a distinction at age 26. But how long will they stay there?" he asked, adding:

"The time has come to quit playing loose and fast with the existence of American men and their families. It is utterly ridiculous at this stage of the war to have married men telling their families goodbye, giving up their jobs, and selling their businesses, only to be told the next day it was all a mistake and they will not be needed; that they can go back home and pick up the scattered threads of their lives. But not securely, for they might be called again on a moment's notice."

### Miners Get Slant At Draft Status

#### But Their Future Remains in Doubt

By MAX HALL

WASHINGTON, April 13. (P)—The 25,000 coal miners in the 22-through-25 age group, who have been tentatively in and out of the draft like a man caught in a revolving door, faced this prospect tonight.

About 10,000 probably will get continued occupational deferments, at least until some time in the summer. About 7,500 will be deferred as 4-Fs. The other 7,500 will drop their picks and pick up guns.

Those are the estimates of Dr. C. J. Potter, deputy solid fuels administrator, who has been warning that any substantial manpower losses in the mines will mean all-around reductions in the use of coal next winter—even by the army, navy and war industry.

Just when it looked as though no miners under 26 would get deferments, or perhaps only a few in certain highly-productive mines, Maj. Gen. Lewis B. Hershey, Selective Service director, came through with an arrangement for keeping thousands at work.

Manpower Chairman Paul V. McNutt had asked consideration for the coal industry even though the inter-agency committee which he heads had voted to reject it.

The arrangement is roughly this: The 11,000 coal mine employees 18 through 21 years old will be drafted right away—except those found unfit for service.

Hershey authorized state draft directors to defer skilled coal mine employees 22 through 25 years old, with more than three years' experience, in the following eight regions: Pennsylvania, Eastern Kentucky, West Virginia, the western part of Virginia, Tennessee, Alabama, Washington, and Southern Wyoming.

The deferments are not to extend beyond August 1. Before that date, the coal situation will be surveyed again.

In Illinois, Indiana, Ohio, and other regions not listed by Hershey practically no job deferments will go to miners under 26. But there is no rule against a draft board's deferring a key man in a coal mine, no matter where it is located.

### Newsprint Output Up

NEW YORK, April 12. (P)—Newsprint production in North America during the first three months of the year was 2.2 per cent greater than in the first quarter of 1943, the News Print Service Bureau reported today.

Hands of the gasoline suppliers, service station attendants and motorists themselves.

The Office of Price Administration has estimated that 2,500,000 gallons are being drained off daily through illegal sales.

Meanwhile, there was a possibility that Congress might undertake a new investigation of gasoline rationing. Rep. Brown (R-O) asked for an immediate inquiry and Chairman Lea (D-Calif.) agreed to take up with other members of the House Interstate committee the question of a date for hearings.

### Japanese Facing Defeat in India

#### Entire Force May Be Annihilated

By CHARLES A. GRUMICH

NEW DELHI, April 12. (P)—Counterattacking British and Indian troops have eased Japanese pressure around Kohima in Eastern India, it was announced today amid mounting belief that the entire Nipponese force invading India is being caught in a gigantic Allied trap and may face eventual extermination.

Allied air-borne forces, swiftly widening their scope of operations in Central Burma, were disclosed to be slashing from the rear at Japanese invasion bases along the Chindwin river, near the Indian border, the only sources of food and other supplies for Japanese jungle troops now investing the Allied Indian bases of Imphal and Kohima and threatening the Bengal-Assam railroad.

The effects of these operations by the Allied "Chindits," which include American, British and Indian troops, probably will not be announced for some time. But they will be felt by the Japanese once their supply bases along the Chindwin become exhausted.

The manner in which the enemy has sent his forces recklessly into India, more or less "orphaning" them, suggests that the entire operation was a gamble by Tokyo on a throw-away basis—an effort to delay Allied operations in Burma at whatever cost.

Prior to their new campaign along the Chindwin, the "Chindits," operating from the Katha region, already had virtually isolated Japanese forces opposing Lt. Gen. Joseph W. Stilwell's advance from Northern Burma by cutting a long stretch of the Mandalay-Meiktila railway and halting traffic on the Irrawaddy river.

The "Chindits" can get in several weeks more of intensive operations before the monsoon begins, after which they could be withdrawn by air if necessary. The Japanese, on the other hand, could not pull out of India now without fighting their way through Allied troops on all sides.

"Chindit" was the name given Allied troops operating behind Japanese lines by Burmese natives, who welcomed them. A Chindit is a sort of good-luck idol that guards the entrances to Burmese temples.

Outside of the easing of enemy pressure on Kohima, the situation around that Allied base and around Imphal, sixty miles to the south, apparently was little changed. A communiqué from southeast Asia headquarters reported the Japanese occupied a hill feature overlooking the Imphal plain from the north-east, but thereafter suffered heavy casualties, presumably from an Allied counterattack. Japanese forces yesterday were reported about eight miles northeast of Imphal.

### German Bombers Again Raid London

LONDON, April 12. (P)—The moon-dodging German air force stabbed briefly at London tonight for the first time since March 31, but it was a comparatively light blow with the raiders coming over singly at intervals.

Anti-aircraft gunfire boomed in the capital and along the Thames estuary, but not in the volume of the February and March fire raids.

### Dewey Gaining In Primaries In the Midwest

#### Stassen, MacArthur, Given Many Votes

By D. HAROLD OLIVER

Associated Press Staff Writer  
While Lieut. Commander Harold E. Stassen and General Douglas MacArthur rolled up popular majorities in Midwest advisory primaries, Gov. Thomas E. Dewey and President Roosevelt retained yesterday their imposing leads in conventional delegate strength for the presidential nominations.

Dewey supporters counted on new support from a convention in Missouri where the New Yorker already has pledged delegates. The president picked up most of another ten delegates selected in New York and received a "compromise" fourth term endorsement from his home state's party committee which unanimously reelected James A. Farley as state chairman.

Here's Present Standing  
Here's the way the Republican delegate line-up stood today subject to further tabulating in Nebraska:

Total convention votes .... 1,059  
Needed to nominate ..... 530  
Total selected ..... 351

Pledged to Dewey: Missouri 6, New Hampshire 2, Oklahoma 2, Wisconsin 15 — total 25. Claimed for him: Missouri 2, New York 92, North Carolina 4, minimum of 20, Oklahoma 2, Wisconsin 2 — total 118. Grand total 143.

Pledged to Stassen: Minnesota 23, Nebraska 6 (subject to change), Wisconsin 4 — total 33. None claimed so far.  
Pledged to MacArthur: Wisconsin 3. None claimed.  
Uninstructed and unclaimed: Florida 15, Illinois 50, Iowa 23, Kansas 19, Louisiana 13, Minnesota 2, Missouri 18, Nebraska 9 (awaiting final primary count), New Hampshire 9, New Mexico 8, New York 1, North Carolina 5 — total 172.

Democratic Lineup  
The democratic delegate line-up: Total convention votes .... 1,176  
Needed to nominate ..... 589  
Total selected ..... 236

Pledged to President Roosevelt: Maine 10, New Hampshire 10, Wisconsin 26 — total 46. Claimed for him: Illinois 50, Nebraska 12, New York 95 — total 157. Grand total 203.

Uninstructed and unclaimed — Arizona 10, Louisiana 22, New York 1 — total 33.  
Republican conventions in Connecticut and Maine today will select another 16 and 13 delegates, respectively. Wendell L. Willkie had potential support in both groups before he withdrew. They are expected to be uninstructed. Dewey is said to have a good chance for the Connecticut delegation.

MacArthur, Stassen Strong  
Further tabulating of the Illinois and Nebraska primary votes indicated General MacArthur and Lieut. Commander Stassen will have more than nominal backing in the GOP convention opening in Chicago June 26.

### Draft Deferments Of Men under 26 Limited to 600

BALTIMORE, April 12. (P)—Draft deferments granted to Maryland registrants under 26 will be limited to about 600, state Selective Service officials disclosed today in reporting that more than 500 deferment requests from men under 26 already have been received. No blanket deferment is contemplated, officials said.

Meanwhile, the United States Employment Service reported a large increase in the number of 4-Fs seeking jobs in essential industries. Men classified 4-F in the draft were warned last week by Selective Service authorities to find work in war-vital fields.

### American Farmer among Worst In the World, Says Bromfield

BALTIMORE, April 12. (P)—Author and Lecturer Louis Bromfield said today that while he was "most optimistic about the future of the soil," it was his opinion the American farmer in the past has been "among the worst in the world."

In delivering the closing address to the Maryland Conservation Forum, Bromfield said the farmers had gone across the country from the Atlantic to the Pacific "like a plague of locusts" and actually had mined the land rather than farmed it.

### ONE OF 46 JAP SHIPS HIT AT PALAU

HIT BY BOMBERS from a United States Navy carrier force, a Japanese ship blazes from stem to stern during our raid on Palau on March 29 and 30. The surprise attack on the base, only 600 miles from the Philippines, resulted in our sinking and damaging forty-six enemy ships and 160 planes. In addition, important installations on the island were pounded to pieces by our aircraft, United States Signal Corps Radiophoto.

### Brushoff for Wallace:

### He May Be in China at Request Of FDR When Successor Is Named

#### Plan To Eliminate Vice President Is Seen In Move To Send Him on New Foreign Mission

By JACK BELL  
and JOHN M. HIGHTOWER

WASHINGTON, April 12. (P)—A personal request by President Roosevelt was disclosed today as the factor which led Vice President Wallace to undertake a trip to China within the next four months. That circumstance set off new speculation in two directions:

1. Political.—That the Democratic convention may be called upon to nominate a second-place successor in Wallace's absence, which would save embarrassment on both sides if another man were chosen for the post in which Wallace has been campaigning to succeed himself.

2. Diplomatic.—That American officials seek even stronger relations with China and the government of Chiang Kai-shek, which might be especially important this spring and summer if, as seems likely, China is still dependent on slender war supplies flown in from India.

Wallace himself was silent, except for a brief statement that anything printed beyond yesterday's bare announcement that he hoped to visit Chungking in the late spring or early summer "is not true."

That comment may have been directed at some of the political speculation which accompanied the announcement of his plans. Friends said Wallace was urged by the president, before the latter went south for a short vacation, to visit Chungking as his personal representative to confer with Generalissimo Chiang Kai-shek. Aides said he would go on in an official capacity.

Wallace's announcement of the plan yesterday apparently caught both State department and some White House officials flat-footed.

Mrs. Roosevelt Informed  
While some White House attaches said they knew nothing in advance of the projected trip, Mrs. Eleanor Roosevelt told a press conference Wallace had informed her he personally desired to undertake the journey.

"He came and told me he wanted to go very much," she said. "I'm sure if he's going, it's because he wants to."

Stephen Early, the president's sec-

retary, said he first heard of the trip yesterday when a reporter questioned the White House about it prior to Wallace's announcement. Early could shed no light on the reasons for the trip or its official status.

American diplomatic sources received the news with obvious surprise. At the Chinese embassy an official would say only that the embassy had heard some time ago that Wallace hoped to go to Chungking.

It is hardly a secret that Allied leaders have from time to time been worried about the possibility of keeping China effective in the war against Japan.

Moreover there have been reports that Chiang Kai-shek's government might not be in too secure a position. A friendly gesture toward him might help maintain political stability in China.

### Partisans Take Yugoslav Base

By WILLIAM SMITH WHITE

LONDON, April 12. (P)—The vital German base of Gradina in Central Yugoslavia has fallen to partisan troops, Marshal Josip Broz (Tito) announced today, and heavy assaults are being waged against German communications lines on a long, broken front extending from below Zagreb on the main Balkan railway southward to the Dalmatian coast.

Marshal Tito declared also that fresh German troops were being rushed into Serbia, Bosnia, and Slavonia. Some of these reinforcements were identified as drawn from Hungary.

While fighting was heaviest along Yugoslavia's railways, Tito's communiqué today, broadcast by the free Yugoslav radio, said severe casualties were inflicted on the enemy garrison in Kradina, including a considerable number of troops who drowned in the Una river while fleeing the city.

### Changing Draft Rules Gives Selectee Headache

EL PASO, Tex., April 12. (P)—Another chapter in the life of Saul D. Kleinfeld:

Ordered to report yesterday for induction, he had sent his wife and children to her mother's home in Passaic, N. J., and gave away all his clothes he was not wearing.

He reported and was told to forget the order, that he was over 26 and not wanted.

Last night he made arrangements to join his family and bought an extra shirt.

He called his draft board today to tell of his change of address.

The freeze of men over 26 is off, the board informed him, and now Kleinfeld must report for induction tomorrow.

### \$32,647,134,336 Asked for Navy

#### Little Opposition Likely in Congress

By WILLIAM F. ARBOGAST

WASHINGTON, April 12. (P)—Congress ended its Easter recess today by setting to work on a record \$32,647,134,336 navy appropriation bill intended to give the world's largest navy the punch for final defeat of Japan and Germany.

Warned by the men who operate the fleet that the end of the war is not in sight, the House appropriations committee acceded to virtually every request for funds and sent to the floor for expected unanimous approval the bill boosting to an estimated \$362,000,000,000 in national war outlay since July 1, 1940.

Small Amount Trimmed  
Only a relatively small amount, \$803,685,164, was trimmed by the committee from budget estimates, with the explanation that the purse strings would be kept open to meet any future requirements. That such needs are by no means unlikely was indicated in testimony by James V. Forrestal, undersecretary of the navy, who told the committee that the appropriations were preliminary to major operations in both Atlantic and Pacific.

He did not say for the record whether he had in mind the invasion of Western Europe, but urged that no cuts be made in navy funds "until the middle of this summer."

By the end of that ninety-day period, he said, the major event he had in mind "will, I think have occurred."

Funds for New Ships  
The new funds, the committee informed the House will help finance a program contemplating ultimate use of 6,623 self-propelled vessels, 74,925 non-self-propelled ships and 19,035 naval planes exclusive of training ships, all manned by 3,657,467 sailors, marines and coast guardsmen.

The appropriation cleared the way for continued construction of thousands of landing barges to carry our fighting men to the shores of the enemy, a job which top naval experts said would be no easy one. "Destruction of the Japanese empire," Admiral Ernest J. King, commander-in-chief of the fleet, told the committee, is the navy's goal, to be accomplished by delivering "the heaviest attacks of which we are capable, as soon and as often as possible, where it will hurt the most."

### Two Jap Bases in North Pacific Bombed by Forces under Nimitz

UNITED STATES PACIFIC FLEET HEADQUARTERS, PEARL HARBOR, April 12. (P)—Pearl Harbor and Shimushu, Japanese bases in the North Pacific Kurile Islands, were bombed on Tuesday by Ventura search planes of Fleet Airwing Four, Adm. Chester W. Nimitz announced today.

These raids were the first reported for April, although both fog-shrouded bases were raided six times during March.

On the same day, Admiral Nimitz said in his press release, a single Eleventh Air Force Liberator unloaded bombs at Katsura, a Kurile

### Terrific Blows Hit Great Nazi Plane Centers

#### Western Germany, Holland, Attacked

By W. W. HERCHER

LONDON, April 12. (P)—American Fifteenth Air Force heavyweights today dealt a thundering blow to Messerschmitt factories in Wiener-Neustadt, Austria, as bad weather forced Liberators and Fortresses from Britain to turn back after a succession of big-bomber attacks against German Europe from the west.

American Ninth Air Force Mustangs and British Mosquitos from Britain assaulted airfields, rail yards and other targets in France and Belgium during the day, however, and hundreds of American Lightnings, Thunderbolts and Mustangs made offensive sweeps against Western Germany and Holland.

Weather Hampers Allies  
It was officially announced that some Liberator and Flying Fortress formations penetrated over the continent from Britain but had to return to their bases as the weather closed in. The Germans named Wiesbaden and Frankfurt as among the localities the big bombers approached, and said nuisance raiders were over many parts of Europe.

The day's main blow, however, was dealt by the Liberators and Fortresses from Italy, officially described as "in great strength."

The raiders chose Wiener-Neustadt, twenty-seven miles south of Vienna, as their principal target, and also struck at Fischlhamermarkt and Bad Vöslau, three and fifteen miles southeast of Vienna. Good results were reported. The Germans said without confirmation that Allied bombers also attacked Zagreb, capital of the puppet state of Croatia.

Violent Air Battles  
There were violent air battles as German fighters rose to defend the Wiener-Neustadt Messerschmitt plant group, one of the most important remaining in Europe. A city of 35,000 with engineering works, iron foundries and a textile mill besides the plane works, Wiener-Neustadt was previously bombed by the Americans Aug. 13, Oct. 1, and Nov. 2, the first two raids being from Britain.

When the heavy-bomber offensive paused after last night's RAF attack, the British and American forces had completed about 7,000 bomber and fighter sorties since Sunday, shaking German Europe with an estimated 11,000 tons of bombs. The attacks cost the Americans ninety-eight fighters while the British lost forty-two heavies. More than 204 German planes were shot down and a large number destroyed on the ground.

Despite this speedy and incessant attrition of German fighter strength, an RAF commentator disclosed today that the Nazi frontline planes now numbered 206 to 300 more than last November. Almost the whole increase has been assigned to the defense of Germany, he said, but the Nazis still are able to bring up no more than 250 fighters at spots where they count.

Sacrifice Production  
In achieving even a small increase, the Germans have had to sacrifice other vital war production, he said, and the whole situation is "rather like damaging a waterworks—it takes a little time after it is felt in the cistern and pipes before the taps go dry."

Noting the intermittent strength of Nazi fighter interceptions, the commentator expressed the opinion the Germans did not have a policy of withholding interceptors at certain times, but were sending up as many as they could whenever the weather was good.

"Our aim," he said, "is to bring on prolonged, heavy fighting—which the Americans now are successfully doing. It is getting more and more difficult for the enemy to replace his losses."

base less than 1,000 miles from Tokyo which had been a target for a full-sized Liberator strike the day before.

In the Central Pacific, a fleet airwing search plane bombed Oruk atoll east of Truk in the Carolines, another hit Ulul Island, 150 miles northwest of Truk, and a third dropped incendiary bombs on Ponape, Truk's outpost.

Seventh Air Force Mitchells escorted by marine Corsairs also bombed and strafed Ponape in the Carolines, hitting buildings, small craft, the airstrip and the storage area. Anti-aircraft fire was intense.

## Kirke L. Simpson Says:

## Russian and Indian Fronts Seen As Scenes of Major Developments

By KIRKE L. SIMPSON  
Associated Press War Analyst

News from the Russian and Indian fronts carry hints of impending events that may overshadow all war developments except the rising tempo of the Allied pre-invasion air assault on Fortress Europe.

What catches the eye in Moscow advices is the stress laid officially on the Russian bombing of Lwow, the apparent main objective of the First Ukrainian Army in Southern Poland. The implication is that the Russian effort in the east is about to shift from the Romanian front to the sector of Poland south of the Pripiet and its vast marsh lands.

## Most Vulnerable Flank

That is the most vulnerable Nazi flank of all. The Polish plains north of the Carpathians are the indicated primary route for an invasion of the Reich itself from the east. Lwow is the communications key to Nazi bastion guarding the approaches to those plains between the head waters of the Dniestr and the Polish Bug rivers. A Russian break-through there could

topple back the whole German left flank to the Baltic.

Most recent advices from New Delhi on operations on the Burma-India front carry a new note. They suggest that the Allied high command, counting heavily on supply difficulties of Japanese columns threatening the Bengal-Assam railway, is preparing to spring a trap of its own on the Nipponese invaders of India.

## British Hold Advantage

The exact whereabouts of airborne Allied troops far in rear of the Japanese spearheads in India has never been made clear. They are somewhere presumably close to the rail and river lines in Northern Burma over which all supplies and reinforcements for the enemy must travel to sustain the Japanese drive.

Unquestionably British Imperial forces engaging the enemy have all the best of the communications facilities. They probably also have the numerical advantage and control of the air. It would not be surprising that Allied strategy called not for repulse of the invaders of India, but for a defense calculated

to pin them down while their supply lines were cut far in the rear.

That Japanese foray always has appeared as a desperate gamble. Earlier, pessimistic reports from New Delhi were difficult to understand unless they were calculated to mislead the foe. The marked change in tone of accounts from New Delhi might therefore prove highly significant.

## Baltimore Canneries Need 100 Workers

BALTIMORE, April 12—(AP)—An urgent appeal for, at least 100 parttime workers to help pack for shipment canned food on order for the armed forces came today from the State War Manpower commission.

Lawrence B. Fenneman, state

director, said the Baltimore canneries were faced with their most critical labor shortage both for processing the 1944 food crop and for warehouse jobs.

"Men regularly employed at other jobs are needed to help pack food which must be delivered on schedule," Fenneman said.

The United States Employment Service had orders for individuals or groups to work on four hour

shifts, morning or afternoon. However, if sufficient men with regular daylight jobs apply, the canneries will arrange to stay open evenings to utilize this help.

## Matt Doorly Versus the Tomato

Matt Doorly's skin broke out in a rash last week. He finally admitted to Doc Hollister he'd eaten twelve tomatoes in a row just the day before.

"Shucks," said Doc. "That's all that's the matter with you. That kind of eating would turn anybody red."

So now Matt has not only cut out all tomatoes for himself. He's forbidden his family to eat tomatoes. And won't even have them in the house. Says tomatoes are anti-social and ought to be prohibited by law.

Funny how some people rush off to extremes like that. They take a wholesome thing and overdo it till it disagrees with them—or maybe find they don't happen to like it—and then they want it banned for everybody.

From where I sit, folks ought to realize there's a middle ground in everything—a middle ground of moderation on the one hand . . . and tolerance for our neighbors on the other.

### Hundreds of Miners To Be Deferred

CHARLESTON, W. Va., April 12 (AP)—The names of hundreds of 22- to 25-year-old West Virginia coal miners went on special deferment blanks today in the wake of a directive allowing such action, but at the same time state Selective Service headquarters made it more than

plain there would be careful scrutiny of each case. Coal miners were added last night to the key industry list in six states and parts of two others, and special reviewing boards in the several West Virginia producing fields hurried to completion rosters of younger men deemed essential to production.

It takes about forty-five gallons of water to fill a bathtub of average size.

### Government Buys Frederick Airport

FREDERICK, Md., April 12 (AP)—Detrick field, for nearly fourteen years Frederick's airport until it became a base for the army's chemical warfare service, was sold to the United States government today for \$50,000. Mayor Hugh V. Gittinger an-

nounced that a check for the full amount was given the city and the deed executed transferring 89.65 acres in Camp Detrick property to the government this morning. The money might be used to develop another airport, the mayor said.

The Army's foot soldiers have at their disposal 400,000 horsepower per division, as compared with the 3200 horsepower of World War I.

### New Yorker Held As Onion Racketeer

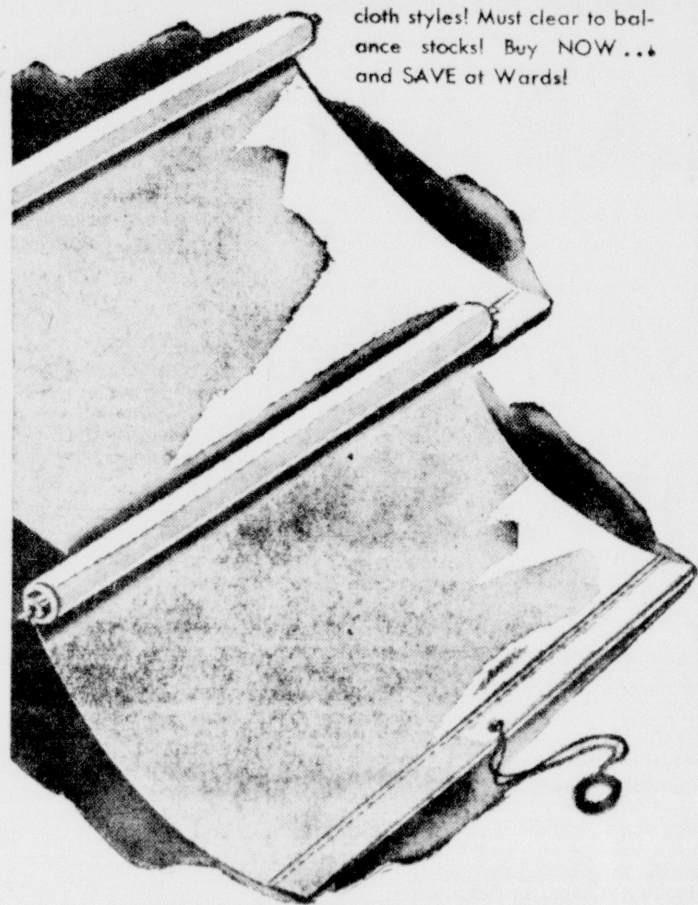

BALTIMORE, April 12 (AP)—James Brucato, of New York, whose activities were termed by assistant United States Attorney Thomas J. Kenney as "a thorn in the flesh" of price enforcement authorities, for which he asked \$515 a bag. The was arrested today on a charge

of selling onions to a Baltimore wholesaler at above-ceiling prices. Brucato, described by Kenney as "at the bottom of the local illicit onion market" was ordered held under \$5,000 bail by United States Commissioner James K. Cullen for a preliminary hearing April 19. Kenney said that Brucato had sold forty fifty-pound bags of onions for which he asked \$515 a bag. The ceiling for fifty pounds is \$3.81.

## Davis Memorial Church To Honor New Members

### Recognition Service on April 26 Is Sponsored by W. S. C. S. Group

The Women's Society of Christian Service of Davis Memorial church will sponsor a recognition service for fifty-nine members, who have been received into the membership of the church since last June when the Rev. Louis P. Chastain assumed his duties as pastor of Davis Memorial. The program will consist of words of welcome from the heads of the various organizations of the church; singing, and readings. Following the program refreshments will be served in the church social hall.

April 26 was set as the date for the service which will be held at 7:30 o'clock and Mrs. Pearl Twigg was appointed chairman of the Publicity committee at the meeting Tuesday evening at the home of Mrs. William Mackereth, North Branch. She will be assisted by Mrs. Helen Poole and the Rev. Mr. Chastain.

Various reports were given including the secretary's that \$48 was raised at the last penny supper, making the total amount in the treasury \$120.45; there was also \$6.54 received as a special missionary offering. It was announced that 170 sick calls had been made by the members during the month.

Committees for the year were also appointed they include, Mrs. Bertha Hartman, Mrs. Eugene Valentine and Mrs. Mackereth. Refreshment committee; Mrs. Ethel Hymes, Mrs. George Stimmel and Mrs. Delmont Athey, Program committee.

The hostess conducted the devotionals on the topic, "Social Evangelistic Work in China." The prayer was offered by the pastor.

### Use of Good English Discussed at Meeting Of Guidance Club

The Child Guidance Club met at the home of Mrs. Bernard Fleigle, 210 Pennsylvania avenue, Tuesday evening with Mrs. Frank Dobson and Mrs. John Knieriem in charge of the meeting.

The importance of using good English in the home, since children imitate their parents, was stressed in discussing the topic, "Child Expression Through Words."

Following the business session a handkerchief shower was held in honor of Mrs. Albert Thorne, in appreciation of her services to the club.

The next meeting will be held April 25 at the home of Mrs. Charles George, 125 South Liberty street, beginning at 8 o'clock.

The sisterhood celebrated last week with a covered dish supper.

Visitors from Star of the East Sisterhood, No. 111, this city; and Red Cross Sisterhood, No. 12, Frostburg attended the induction, when the hall was decorated in white and gold. A social hour concluded the evening and refreshments were served under the chairmanship of Mrs. Lehr.

## Daniel Staley Is Honor Guest at Dinner Party

### Traveling Bag Is Presented Former Manager of USES Office

The employees of the Cumberland office of the United States Employment Service entertained in honor of Daniel R. Staley with an informal dinner party last evening at the Ali Ghan Shrine Country Club, with Patrick J. Carroll serving as toastmaster.

Mr. Staley was recently promoted to assistant area director of the War Manpower Commission, with headquarters in Hagerstown. For the past two years he has been manager of the Cumberland office of the United States Employment Service and chairman of the Area War Manpower Committee.

Special guests were George Sellers, employment manager of the

Celanese Corporation of America, and Mrs. Sellers; and Hugh M. O'Rourke, personnel manager of the West Virginia Pulp and Paper mill, and Mrs. O'Rourke. Impromptu speeches were given by Mr. Sellers and Mr. O'Rourke. Mr. Carroll presented a traveling bag to Mr. Staley in behalf of the group.

Following the dinner William Spangler sang three numbers and informal entertainment concluded the evening.

Spring flowers centered the table and covers were laid for eighteen guests.

## Have a Coca-Cola = ¿Qué Hay, Amigo? (WHAT GIVES, PAL?)

## ...or making pals in Panama

Down Panama way, American ideas of friendliness and good neighborliness are nothing new. Folks there understand and like our love of sports, our humor and our everyday customs. Have a "Coke", says the American soldier, and the natives know he is saying *We are friends* . . . the same friendly invitation as when you offer Coca-Cola from your own refrigerator at home. Everywhere Coca-Cola stands for the pause that refreshes,—has become the high-sign of kindly-minded people the world over.

It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called "Coke".

## Musical Comedy Will Be Given In Frostburg

"Athapastical" To Be Presented at College on April 25

By RUDOLPH NICKEL

FROSTBURG, April 12 — Prof. Maurice Matteson, head of the department of music, State Teachers college, is directing rehearsals for a three act musical comedy, "Athapastical," to be presented at the college Tuesday evening, April 25. The cast consists of the most talented singers and dramatists in the student body and the progress so far made in the rehearsals indicate that the play will be among the best performances offered by the college for some time.

Because of the shortage of men at the college, the college group will be assisted by a large number of high school boys in the chorus numbers and specialty dances. Hillary Rockwell, Hagerstown, as one of the star performers of the comedy, plays the part of the owner of a speakeasy, "Athapa," a part which is replete with amusing and effective lines. At the end of the first act he sings "California Here I Come," assisted by a chorus of stipples.

Miss Tillie Over, also of Hagerstown, will appear as a young grand opera singer in love with "Jerry," a veteran of World War I, played by Jack Hayes, a high school student who is studying voice at the college. Frank Sinatra will be impersonated in the last act by Louis Skidmore, as "Swoonatra."

Tickets for the production are now in the hands of members of the student body who are conducting a ticket selling campaign.

## Sportsmen Meet

Eighty-five local sportsmen and business men attended a combined meeting of the Allegheny-Garrett and the Eckhart Square Circle Sportsmen's Associations held last evening at the Gunter hotel. Dr. John Cooper, member of State Teacher college faculty, was the principal speaker.

Formerly engaged in educational work at one of Pennsylvania's largest prisons in Philadelphia, he told an interesting story of the life of the prisoners from the time they are received until they are again returned to civil life.

Fred Crowe presided and Jesse Wilson, Cumberland, contributed humorous numbers. Refreshments were served by a committee headed by Frank Ruffo.

## Rotary Club Meets

A brief history of Rotary International and talks by four members of the club comprised an instructive program at the Frostburg Rotary Club luncheon Monday evening. The historical sketch by H. R. Aldridge consisted of salient features of the Rotary movement from the time it was started thirty-nine years ago in Chicago by Paul P. Harris, to the present.

John L. Dunkle discussed community service; Richard Rizer, vocational service; Arthur W. Taylor, club service; and W. J. Elvin, international service. The program, as explained by President Earl Brain, was arranged for the instruction of new members and to refresh the memory of old members on the real objectives of Rotary.

New members of the club are John Watson, Eckhart; Dr. Adam Baer, Walter L. Mackay and Dr. Harry Tetter, this city, bringing the total membership to forty, the highest since the local club was founded in 1923. The new members of the club were presented with books entitled "Welcome to Rotary."

During the business meeting following the program, Charles N. Hill, the Rev. Walter V. Simon and Rudolph Nickel, were named a committee to investigate the proposal by a New York library concern to have the city invest \$875 for a library to be included as part of the equipment of the victory ship, which the United States Maritime Commission plans to name "Frostburg Victory."

Members of the Frostburg Rotary Club serving with the armed forces are Ralph M. Race, Robert Jones, Fred Morton, Newman A. Wade and Leslie Gordon.

## Stillwell Is Missing

Mrs. Howard P. Ward, 127 Hill street, received word yesterday that her brother, Lieut. Walter L. Stillwell, 23, has been reported missing by the War department, since March 19, when he was on a combat mission over Austria. He was a co-pilot on a B-24 with the Fifteenth Air Force.

Lieut. Stillwell, the only son of the Rev. and Mrs. Winthrop Stillwell, was a resident of this city for eleven years while his father was pastor of First English Baptist church. He was graduated from Beall high school and attended State Teachers college.

He has two sisters, Mrs. Howard War, this city, and Mrs. Walter Miller, Oaxaca, Mexico.

Lieut. Stillwell enlisted in the army at Rochester, N. Y., October 1942 and was commissioned a second lieutenant, August 31, 1943, at Ellington field, Texas.

## Russell Cresse Is Lost at Sea

By GEORGE H. HANST

OAKLAND, April 12 — Mrs. Emma K. Guey, Eggon, W. Va., whose son, Pfc. Russell D. Cresse, had been reported missing in action since November 26, 1943, received further details by mail a few days ago from J. A. Ullo, adjutant general of the United States Army.

The letter stated that a message had been received by the War department stating that Pfc. Cresse was a passenger on an Allied troopship which was sunk as the direct result of enemy action. "Despite every protection humanly possible the ship was struck at night by the enemy and sank rapidly in a heavy sea. Although every effort was made to rescue all on board, many American soldiers were listed as missing."

The name of the ship was not disclosed and other details were withheld for security reasons, the letter also stated. The mishap occurred in the European theater and not in the North African area as was previously announced.

## Annual Event Is Held by Parsons Eastern Star

Past Matrons and Past  
Patron's Night is an  
Outstanding Event

By HELEN COLLET

PARSONS, April 12 — Parsons Chapter No. 91, Order of the Eastern Star, held its Past Matrons and Past Patron's night in the chapter rooms in Parsons Monday night.

The chapter was organized twenty-three years ago and twenty-three matrons have served in that period. Ten of the past matrons answered the roll call. They were: Mrs. Winona Dumire who served in 1923; Mrs. Edith Smith who served in 1924; Mrs. Della Smith, 1925; Mrs. Katherine Ours, 1931; Mrs. Lora Parsons, 1933; Mrs. Leota Schonover, 1936; Mrs. Pauline Little, 1937; Mrs. Margaret Pitt, 1938; Miss Clara Rightmire, 1939; Mrs. Jessie Rightmire, 1940; and Mrs. Ella O. Rightmire, 1941.

Past Matrons who have died are:

**Women Workers!**  
**SAY "NO"**  
**To Rough Red Skin!**  
Try quick easy way to help keep face, hands smooth  
Surprising! Say thousands the way Cuticura helps relieve irritation—helps bring back natural smoothness. Buy BOTH today! All druggists.  
**CUTICURA SOAP AND OINTMENT**

Mrs. Mary Parsons, who served in 1922; Mrs. Ruth Minear, 1928; Mrs. Era Harper, 1930; and Mrs. Freda Coberly, 1942.

The nine past matrons who were present were: Mrs. Jenny Nash, 1921; Mrs. Margaret Harper, 1926; Mrs. Seva Wise Stealey, 1927; Mrs. Minnie Young, 1929; Mrs. Susan Minear, 1932; Mrs. Nellie Bennett, 1934; and Mrs. Ruth Ridgeway, 1935.

The past patrons who have served in twenty-three years are: Hugh Pitt, 1921; P. L. March, 1922-1924; A. D. W. Strickler, 1925-29; the Rev. H. A. Murrell, 1926; P. W. Smith, 1927 and 1928; C. R. Parsons, 1930; A. W. Schoonover, 1931-32; and H. Dale Ridgeway, 1933-35.

Jesse Bennett has served the chapter as patron for the past nine years since 1934-44. Only two past patrons were present, Jesse Bennett and A. W. Schoonover.

Mrs. Pearl Randolph, worthy matron and patron with a gift and a boutonniere of sweet peas. Mrs. Winona Dumire, and Miss Clara Rightmire responded on behalf of the past matrons and patrons.

After the meeting the worthy matron, Pearl Randolph, was surprised with a birthday cake with candles. She was presented with a gift by her officers of 1943-44. Songs were led by Mrs. Winona Dumire and an Easter Star quiz was used for the social hour.

### Called for Induction

The following men from Tucker county reported to Clarksburg for their pre-induction examination on Saturday. This was a supplementary call and included:

Clain, Walter Raymond Cunningham, Justin Daniel DeWalt; David Worley Simmons, Harry Edwin Cathell, Erville Elsworth Knotts, Toot Close, Martin Simmons, Jr., Earl Moses Pike, Ralph James Cusins, Howard Everett Hart.

Roy Porter Poling, Clifford Dewey Parsons; Parker Okey Jones, Raymond Lawrence Bates, Ray Sherman, Carl Everett Nestor, John Ellis Young, Delton Harold Fout, Samuel Lewis Pinto, Jerry Benjamin White, William Harrison Riggelman, and William Glen Arnold.

Those from Tucker county to transfer to other boards were: Luke Joe Mullenau, and Edward Troy Lake, to Baltimore, Md. Robert Lee Croven, Harold Lloyd Craven, to Niagara Falls, N. Y. Jerry Martin Day, to Erie, Pa. Charles Lincoln Feller, to Dundalk, Md. Thomas Chester Metheny, to Philadelphia, Pa. Ralph Erhard, to Turtle Creek, Pa., and Willard Paul Helmick to Kingwood.

### Assistant Clerk Resigns

Mrs. Edna Bergeron, assistant clerk to the Selective Service board of Parsons for the past year, resigned her position and left this week for Norfolk, Va., where she will join her husband. She has been replaced by Mrs. Virginia Lewis Clapsaddle.

### Child Is Injured

Gary Alan Wotring, 15-month-old son of Mr. and Mrs. Ronald Wotring of Benbush was brought to a local hospital Tuesday morning where the tip of his forefinger on his right hand was amputated due to it being severely mashed when he accidentally caught his finger in the ringer of his mother's washer.

When moving slowly, the kangaroo uses the tail as a fifth leg to support the body while the hind legs are being moved forward.

Britain is spending over 600 million dollars building airfields, camps and hospitals for the U. S. armed forces in Britain.

## Child Is Injured In Kempton, W. Va.

By LENA WALKER

KEMPTON, April 12—Allan Wotring, 2 son of Mr. and Mrs. Ronald Wotring, was taken to Tucker County hospital, Parsons, Monday evening for injuries to the hand suffered when he fell against an electric washing machine and was caught in the wringer.

### Kempton Briefs

It's still **BIG MONEY** in our business!

The ordinary copper penny has lost a lot of its purchasing power these days—and even some of its copper. But it still buys as much electricity as ever.

For example, right now in your home a penny will toast about twenty slices of bread—or brew ten cups of coffee—or clean five big rugs—or run your refrigerator for several hours.

Rather startling what a penny will do when you think of it that way, isn't it?

Actually, the price of electricity came down so steadily before the war—and it has stayed down so

successfully since—that today the average family gets about twice as much electricity for the same money it paid fifteen years ago.

All this didn't just happen, of course. It's due largely to the hard work, efficiency and experience of your friends and neighbors who man and manage this company. That's why a penny, spent for electricity, buys so much.

CAUTION: Even though electricity is cheap—even though it isn't rationed—PLEASE DON'T WASTE IT. Coal, oil, manpower, transportation go into the making of electricity and these are critical war resources.

**Timely Topic Angle Cues Wallace Beery**

If it's laughter you're after in your screen fare, there's a treat in store for you at the Maryland theater tomorrow. It's M-G-M's topical comedy with a moral—"Rationing," starring the lovable rascal, Wallace Beery, in a role tailor-made to his talents.

With Beery is his popular partner in comedy antics, Marjorie Main, and the two have a merry time wielding the hatchet at each other until they decide to bury it in matrimony. Beery and Miss Main are neighbors who are constantly at each other's throats despite the fact that Miss Main's daughter, capably played by Dorothy Morris, and Beery's adopted son, newcomer Tommy Batten, are in love. Marjorie is the local postmistress and head of the ration board and Beery runs the general store. His troubles are only beginning when point rationing makes its appearance and then Tommy is drafted, thereby precipitating another crisis in his estranged relations with Miss Main.

FOR THE FIRST TIME moviegoers will see Carol Ann Beery, daughter of Wallace Beery, in a picture. She marks her debut by appearing with him in a scene in M-G-M's comedy, "Rationing," which opens tomorrow at the Maryland theater. Now doesn't she look cute as she appears in her father's store! And notice the pleasing grin on daddy as he anxiously waits to serve her.

## Foreign Policy Is To Be Discussed At Radio Forum

### Two Representatives Will Discuss Subject Pro and Con

By C. E. BUTTERFIELD

NEW YORK, April 12. (AP)—America's Town Meeting will be broadcast from Philadelphia via the Blue at 8:30 Thursday night when it goes into the question "Do We Have a Positive Foreign Policy Now?" The broadcast comes a few days after Secretary of State Cordell Hull's CBS broadcast in which he discussed that policy.

The Town Hall speakers will be Rep. Walter H. Judd, of Minnesota, in the affirmative and Rep. James P. Richards, of South Carolina, as the negative.

Talk by Justice Jackson

Supreme Court Justice Robert H. Jackson is the announced speaker in an MBS broadcast at 10:45 from a Jefferson day dinner in Washington.

Nelson A. Rockefeller, co-ordinator of inter-American affairs, is to be a speaking guest of March of Time on NBC 10:30, discussing hemispheric solidarity and cooperation.

It will be Bob and Bing when 9 o'clock rolls around on NBC. That's due to the fact that Bob Hope is joining in for Bing Crosby's program... Orson Welles, in another of his radio guest revivals, is to play "The Marvellous Barstow" for the CBS Suspense Mystery at 8... Also a guest of the evening is Lawrence Tibbett, of the opera song, for Dinah Shore's Show on CBS at 9:30.

Pan-American Concert

Viva America will have a Pan-American day concert for CBS at 11:30, presenting an original anthem "United Americans."

Music for the New World on NBC, also at 11:30, originates from Vancouver, B. C., illustrating the English influence on Canadian folk music. John Avizon will direct the orchestra.

## Basque Frock

9044  
SIZES  
12-20  
30-40

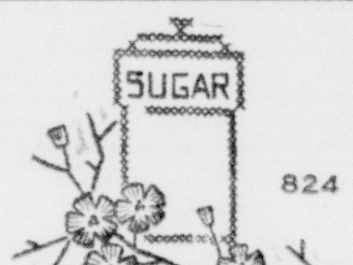

Clever—this gay basque frock, pattern 9044. You'll love the unusual shoulder yokes, the petal pockets, the buttoning way down to the waist in back (a boon to hair-do's). Make frock in cotton for morning; rayon crepe for "dress-up." Ric-rac trim is optional.

Pattern 9044 comes in 12, 14, 16, 18, 20, 30, 32, 34, 36, 38 and 40. Size 16 requires three and five-eighths yards thirty-five inch. Ric-rac braid four and three-fourths yards.

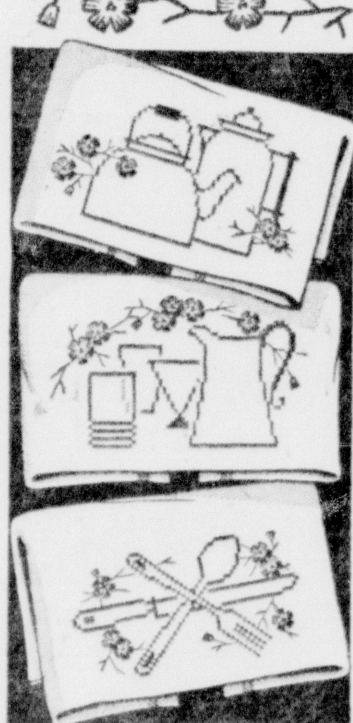

Send sixteen cents in coins for this pattern to The Cumberland News, 39, Pattern Department, 232 West Eighteenth street, New York, 11, N. Y. Write plainly size, name, address, style number.

Ten cents more brings our 1944 Marian Martin sewing pattern book. New easy-to-make styles. Free pattern printed in book.

## Tonic for Kitchens

824

by Laura Wheeler

Since you spend so much time in your kitchen, make it bright and colorful! Embroider these towels to match your kitchen colors. They're done in such simple stitches.

Fun for a beginner—a set's done in no time! Pattern 824 contains a transfer pattern of six motifs averaging 4½ by 8 inches; stitches.

Send eleven cents in coins for this pattern to The Cumberland News, 39, Needlecraft Department, 82 Eighth avenue, New York 11, N. Y. Write plainly pattern number, your name and address.

Fifteen cents more brings our new thirty-two page needlecraft catalog—133 illustrations of designs for embroidery, knitting, crochet, quilts, home decoration, toys.

## Boyington Awarded Congressional Medal

WASHINGTON, April 12. (AP)—The nation's highest decoration for heroism—the congressional medal of honor—has been awarded to Major Gregory Boyington, marine flying ace, who shot down twenty-six Japanese fighter planes before his plane crashed into jungles near Rabaul.

It was Boyington's first and only decoration. Boyington, of Okanogan, Wash., was the second marine flyer in this war to tie the World War one record of Capt. Eddie Rickenbacker. First to tie the record was Major Joe Foss, Sioux Falls, a marine flyer also assigned to the South Pacific.

Boyington scored his last victory on January 3, over Rabaul. Later that day his own plane crashed. He is listed as missing in action.

## Virginia District Strong for Dewey

CULPEPER, Va., April 12. (AP)—Republicans of the Eighth congressional district today went on record as favoring Thomas E. Dewey as the party's candidate for president, but after some discussion tabled a motion to instruct the district's two national convention delegates for him.

The convention passed up the opportunity to nominate a candi-

date for Congress. The district committee was empowered to name one later if it considers it advisable, but a number of leaders said off the floor there was little likelihood of anyone being named. The district is now represented by Howard W. Smith, of Alexandria, a Democrat frequently at odds with the New Deal who is expected to seek reelection.

## Wants Congress To Have Voice in Peace Plans

WASHINGTON, April 12. (AP)—A new plan for all members of Congress to have a voice in the writing of the peace was advanced today by Chairman Bloom (D-NY) of the House Foreign Affairs committee.

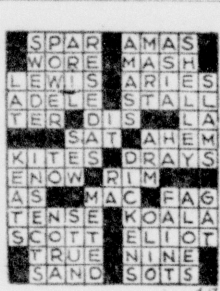

Bloom will introduce tomorrow a constitutional amendment which would make two fundamental changes in the war:

1—The president would make peace treaties with the advice and consent of "Congress," instead of simply the United States Senate.  
2—A majority vote of both the House and Senate would be sufficient to ratify the peace treaty, or any other treaty.  
The law now provides for the Senate alone to act and a two-thirds majority of that body is required to approve executive action on a treaty.

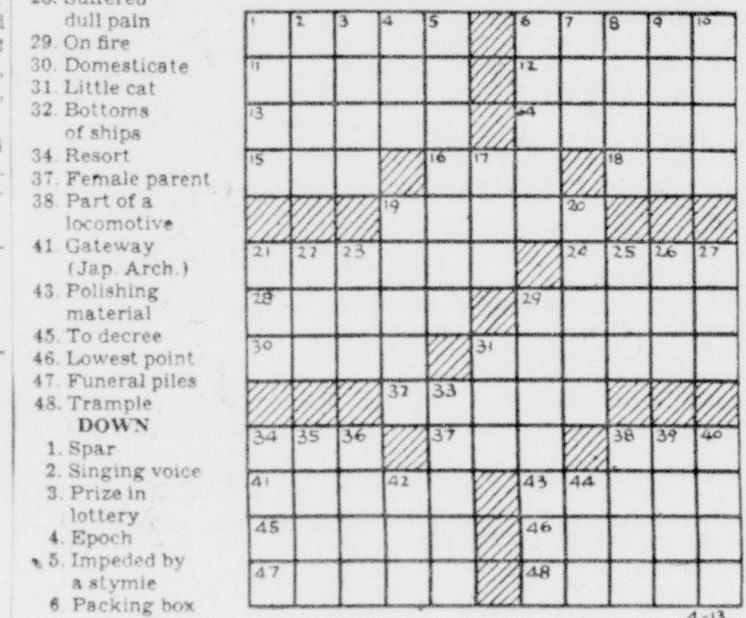

For 300 years, Bolivia produced gold at the rate of \$1,000,000 or more per year.

**In Memoriam**

In loving memory of our husband and father, Mr. Chester Lohr, who died four years ago today, April 12, 1940.  
Suddenly in the night God came  
And called you home  
From the world of pain and sorrow  
To a bright and happy home  
No one knows the aching hearts  
And silent tears  
We owe but God and the one  
We love to dear  
SADLY MISSED BY WIFE AND CHILDREN

**SANDSBURY**—A tribute of love to the memory of our dear husband and father, Earl E. (Duke) Sandbury who departed this life two years ago today, April 13, 1942.  
Gone is the face we loved so dear,  
Silent is the voice we loved to hear,  
Too far away for sight or speech,  
But not too far for thought to reach,  
Sweet to remember him who once was here,  
And who though absent, is just as dear.  
Fondly remembered and sadly missed by  
HIS WIFE AND CHILDREN

## Part Time School Program Here Is Lauded by Seidel

Predicts Rapid Growth of Plan Developed at Allegany High

Allegany high school's part time co-operative education program, inaugurated in October, 1943, is a noteworthy success and reflects the co-operative spirit shown by school authorities and local merchant employers.

Such is the opinion expressed by John J. Seidel, assistant state superintendent of public schools, who, accompanied by Henry Buchholz, Baltimore publisher, came here yesterday for a two-day visit to Allegany county schools and a conference today with Charles L. Kopp, county superintendent, and other school officials.

Seidel pointed out that the Campobello school has successfully developed the program in which boys and girls of an employable age attend classes in the morning and are employed in local stores in the afternoon. The program was organized by Ralph R. Webster, principal, last fall, and Miss Sara Ciesler is the co-ordinator, who not only instructs the students taking the course but also visits them on the job and assists in making adjustments.

### 17 Students Participate

Seniors taking part in the program meet all labor requirements, that is, they must be sixteen years of age or over, and all are given social security numbers when they report for work in local business establishments. At the present time there are thirteen girls and four boys working part time in approximately twelve local stores under the new educational set-up. Seidel stated that check of the earnings showed that some of the students received as high as \$80 for part time work during the month of December.

Seidel predicted that this pattern of education will grow very rapidly, especially for those not planning to further their education in college as it helps youths to get occupationally adjusted. Those given part time employment receive the prevailing wage for beginners in occupations in which they are engaged. They also receive a high school credit for work experience and a diploma at graduation time.

The course includes instructions in selling, planning advertising newspaper layouts, window dressing, studying the different types of materials and instructing students the advantages of merchandise substituted for items which no longer are on the market. Each student participating in the program takes three subjects at morning sessions in school before reporting for work at 1 p. m.

### Solves Manpower Problem

The assistant state superintendent praised Superintendent Kopp for his interest in pushing the program and said that both students and employers are pleased with the results. Seidel emphasized that not only does the program help youth to become occupationally adjusted but it has gone a long way toward helping solve the manpower problem in the stores in wartime.

Seidel said that part time co-operative education is being experimented with in Cambridge and Bethesda but Allegany high school is the first school in the state where it has been carried out on a large scale. He gave assurance that the program will be developed at Fort Hill high school and predicted that three times as many students will participate in Cumberland next fall.

The state school official was also loud in his praise of the pre-induction vocational training program for high school boys being carried on in the Allegany County Vocational Shop, Paca street, and commended the boys for the interest they have taken in spending three hours daily after school each day to obtain machine shop training.

Seidel will confer with Kopp today relative to the further development of the school guidance program. The three main elements of the occupational adjustment program for youths are (1) guidance, (2) vocational training, and (3) placement and follow-up.

### Publishes Two Magazines

Buchholz, who accompanied Seidel here, is the publisher of two national educational magazines, namely, "School Administration and Supervision" and "Educational Psychology." He has shown keen interest in all new phases of education.

Seidel and Buchholz will leave at noon today for Hagerstown.

## City Administration Spent \$1,420 during Election Campaigns

Contributions from friends amounting to \$1,420 were expended in the recent primary and general election in behalf of the candidates of Thomas P. Conlon, mayor, and Commissioners James Orr, William J. Edwards, William E. McDonald and Edgar H. Reynolds, according to an election expenditures report which will be filed today at the court house by James M. Conway, agent.

Three of the incumbent commissioners were re-elected. The report shows that \$900 was paid for workers, \$160 for cars, \$43.20 for radio time and \$256.80 for advertising.

## OPA Sets Ceiling On Onion Prices

Drop from 29 to 12 Cents a Pound Is Effective Immediately

A retail ceiling price of 12 cents a pound for the new crop of onions has been established in Cumberland by the Office of Price Administration.

The new crop has been selling for as high as 29 cents a pound and this all-time high price resulted in many complaints being received at the local OPA office in the past ten days.

The ceiling was announced by Leo H. McCormick, state OPA director, and the new price becomes effective immediately.

In Baltimore the new crop will sell at eleven cents a pound while the wholesale price for 50 pounds will be \$3.81.

Heretofore, there has been no ceiling on the 1944 harvest, and wholesalers have been selling at between \$7 and \$8 per fifty pounds, McCormick said, with retailers demanding between 19 and 25 cents a pound in Baltimore and 25 to 29 cents a pound in Cumberland.

"The ceilings will put the black market racketeers out of business," the state director said. "The onions will be in the hands of legitimate dealers."

"Hitherto, the remnants of the 1943 onion crop were held by a few unscrupulous men, well known to the trade and to the OPA. Now the supply will be redirected to the legitimate trade."

## Cromwell, Sisk Score in Tinted Picture Contest

"Voice with a Smile" Cops Prize; King's Print Wins Open Test

Joseph H. Cromwell and Keith Sisk collaborated to win the prize offered by the Cumberland Camera Club in the inaugural tinted picture contest held last evening in the Central Y.M.C.A. The winning picture was entitled "Voice with a Smile."

Six pictures were entered in the contest and one prize was given. Cromwell's "Reflection" was awarded runner-up honors and O. C. Dean's "Our Camp Capon" was third. John L. Wellington was the judge.

In the regular monthly black and white open print contest in which there were twenty-three entries, "Her Daddy's Star," by John R. King was adjudged the winner of the top prize. Sam Dooley's "Brothers under the Skin," a table top, took runner-up honors and "Evening Glow" by Sisk and King was third. Dooley's "Say a Prayer for Me" and James Warden's "Young Sophisticate," a portrait, received first and second honorable mention.

Judges were Robert Angier, Jack Hershner and Grover McElfish. A committee comprising Frank Baele, Dr. A.G.T. Twigg, Morris D. Fram, James Warden and Joseph H. Cromwell was named to make arrangements for the annual "Picture of the Year" banquet at which the year's outstanding print, selected by the Photographic Society of America, will be announced. Efforts will be made to have an out-of-town speaker here for the occasion.

Salons of camera clubs in Toledo, Ohio, and Pittsburgh were exhibited at the meeting and elicited praise-worthy comment. The two collections of pictures were sent here by the Photographic Society of America.

## Saturday Is Deadline For Filing 1944 Income Tax Declaration

Judging from the lack of a waiting line so far this week, the five deputies at the local internal revenue office face a busy time until Saturday, the deadline for the filing the 1944 Declaration of Estimated Tax.

Withholding taxes collect only the Victory tax, the normal tax and the first bracket of the surtax. All liability above that must be accounted for in the estimated return and paid quarterly, Richard J. Stakem, internal revenue division chief, said.

For failure to file a declaration or pay an estimated tax, the law provides a penalty of five per cent of the unpaid amount of each installment due but unpaid, plus one per cent for each month up to ten per cent of the unpaid amount of such installment.

## Naval Veteran Is Home on Leave

Allen E. L. Thompson, MM, 1-c, husband of Mrs. Vera Thompson, 111 Pennsylvania avenue, and son of Mr. and Mrs. H. C. Thompson, 476 Williams street, who has been in the navy for four years is home for the first time in four years.

Thompson has participated in eight naval battles, and has sailed 500,000 miles. He was in engagements in the Coral sea, the Marshall Islands, Truk, Rabaul, the Solomons and Gilbert Islands. His destroyer also did some submarine hunting in the North Atlantic in the pre-war days.

## Victory Garden Supply Outlook Is Much Better

County Agent Reports Seed and Tool Supply Seems Ample

In general, the outlook for garden supplies this year is much better than a year ago, Ralph F. McHenry, county farm agent, reported yesterday, although some stocks remain scarce.

Victory garden fertilizer five-ten-five is superior to that used last year and stocks seem to be adequate, McHenry said, adding that victory gardeners also should have less trouble in buying the three basic tools—a hoe, a rake, and a spade.

The seed supply also seems to be ample providing gardeners will buy only the amounts they need and not waste seed by sowing too thickly. Seeds should be ordered immediately, McHenry related, because there is some delay by seedmen in filling orders.

Some insecticides scarce. Although the outlook generally is improved over last year, some insecticides, notably those containing copper, are scarce. However, some new sprays and dusts containing sulphur as a fungicide instead of copper are on the market and give satisfactory results for most purposes, according to McHenry.

Arsenicals except lead arsenate seem to be plentiful, he said, but he pointed out that rotenone stocks are apt to be scarce before summer is over although there is a good supply in Cumberland stores at the present time.

Nicotine sulphate or black leaf forty is plentiful and can be used instead of pyrethrum compounds for aphids, McHenry said, adding that pyrethrum sprays and dusts appear to be very scarce.

### Heavy Demand Likely

Each gardener should anticipate his needs for insecticides and fungicides, the county agent related, and purchase his supply now while the demand is not pressing rather than wait until summer when there is apt to be a heavy demand.

Believing that the informed gardener is most likely to be the most successful gardener, the University of Maryland and the United States Department of Agriculture have published many circulars and bulletins that answer gardening questions that are most likely to arise, McHenry stated.

Two Maryland circulars can be obtained at the office of the University of Maryland Extension Service in the court house. They are "A Home Garden for Vegetables, Vitamins, Victory" and "Control Bugs and Produce More Vegetables for Victory." The former circular contains a good planting schedule while the latter contains a list of most important garden insects and recommendations for control.

### Pamphlets Available

McHenry also suggested six publications that can be obtained by addressing a letter to the Bureau of Publications, United States Department of Agriculture, Washington, D. C.

These pamphlets, McHenry said, are "Victory Gardens," miscellaneous publication No. 483 (revised 1943); "Growing Vegetables in Town and City," miscellaneous publication No. 538 (1944); "The Farm Garden," farmer's bulletin No. 1673; "A Victory Gardener's Handbook on Insects-Diseases," miscellaneous publication No. 525 (1944); "Disease-resistant Varieties of Vegetables for the Home Garden," leaflet No. 203 (revised 1943); and "Hotbeds and Cold Frames," farmer's bulletin No. 1743 (revised 1943).

## Divorce Suit Filed In Circuit Court

Suit for absolute divorce was entered in circuit court yesterday by Alton W. Chaney against Anna Margaret Chaney. The bill of complaint stated the couple were married November 16, 1941, and lived together until March 20, 1944.

One child was born of the marriage and Chaney has three other children by a former marriage. He asks custody of the latter three children but states that he does not believe he will be able to take proper care of the former child because it is only one year old. He added, however, that he will be willing to contribute to its support. He is represented by Estel C. Kelley.

## Candidate Will Speak In Textile Hall Soon

Willis R. Jones, candidate for the Democratic nomination for United States senator against Millard E. Tydings, will visit Cumberland April 30 on invitation of the Legislative committee of the Maryland Labor Unity Conference, and will make a public address in Textile hall, 34 Mechanic street, at 8 p. m.

The state organization of the Brotherhood of Railroad Trainmen has announced in favor of Jones's nomination and plans an active campaign on his behalf. Other groups that have already acted for Jones's nomination include the Legislative committee of Local 1874, Textile Workers Union of America.

## One Birth Reported

Mr. and Mrs. Zirkle Funkhouse, Route 4, Spring Gap, announce the birth of a son last night in Memorial hospital.

**KIWANIS SPEAKERS**—Miss Mary Jane Ervin, (left), a senior at Fort Hill high school, and Miss Nancy Dodge, (right), a senior at Allegany high, will be the speakers at the meeting of the Kiwanis club today at its meeting at 12:15 p. m. in Central Y.M.C.A. Miss Ervin will discuss "Should Cumberland Have a Recreational Center?" and Miss Dodge will speak on "What Does Cumberland Need for a Well-balanced Recreational Program?" The girls won the honor of representing their respective schools in elimination contests with other students. Their names will be added to the plaques presented to the schools. Miss Ervin is a daughter of Mr. and Mrs. P. G. Ervin, 112 Altamont terrace, and Miss Dodge is a daughter of Mr. and Mrs. Fred G. Dodge, LaVale.

## Future Farmers Of America Will Hear Cotterman

Banquet and Initiation Is Scheduled for St. Luke's Hall, April 26

Dr. H. F. Cotterman, state supervisor of vocational agriculture, University of Maryland, will be the guest speaker at the banquet and initiation ceremonies of the Future Farmers of America of Allegany county Wednesday, April 26 at 7 p. m., in the recreation hall of St. Luke's Lutheran church.

The toastmaster will be Grant Clingerman, president of Flintstone chapter of the F.F.A. Five chapters in Allegany county, namely, Agricultural high school, Flintstone; Oldtown high school; Beall high school, Frostburg; and Fort Hill and Allegany high schools, will be represented at the meeting. There are approximately 120 F.F.A. members in Allegany county.

The opening ceremony will be in charge of Flintstone chapter, Billy Buser will give the future farmers' creed and William Shriver will talk on "The Purpose of the F.F.A." Members of the new chapters of Beall, Fort Hill and Allegany high schools will be initiated as "chapter farmers" at a special ceremony. Presentation of awards, dinner music and group singing will round out the program.

Miss Elsie Hill Roland, principal of Agricultural high school, Flintstone, is in charge of arrangements for the dinner.

## Cresaptown P-T.A. Asks Federal Aid For Hot Lunch Program

An appeal for continued and increased federal funds for the school hot lunch program was made by the Cresaptown P-T.A. Executive committee in letters to Senators Millard E. Tydings and George W. Radcliffe.

Members of the committee cited instances where the work and health of the students showed marked improvement as a direct result of the program which furnishes hot lunches at minimum cost.

The committee further asserted that the school will be unable to continue the hot lunch program on its present basis without the aid of federal funds.

## John W. Richards Dies at His Home

Was Former Operator of Farm Machinery Supply Shop

John Wesley Richards, 85, 127 Polk street, well known retired Cumberland merchant, died at his home at 10 o'clock last night after a long illness.

A son of the late Samuel and Sarah Hoover Richards, he was born in Cumberland June 16, 1859. His father operated a farm machinery supply shop here and when he died, his sons, John Wesley and the late William Richards, who died a short time ago, took over the business. They operated it until about twenty-five years ago.

Mr. Richards was a member of Centre Street Methodist church. His wife, the former Miss Anna Miller, died years ago.

Surviving are one sister, Mrs. Beale Grouden, Bedford township, Pa.; a niece, Mrs. Walter K. Lehman, Pittsburgh, who he raised from childhood, and several other nieces. The body will remain at the home where services will be held at 2:30 p. m. Saturday with the Rev. Dr. Walter M. Michael officiating. He will be assisted by the Rev. Howard Thompson, Wilkes-Barre, Pa., former pastor of Centre Street Methodist church. Interment will be in St. Luke's cemetery.

## Cost of Operating Local Post Office Will Be Studied

Maurice E. Robinette To Supervise Survey Week of April 24

A preliminary survey was held yesterday at the local post office in preparation for the detailed study of the cost of operating postal service in Cumberland which will begin here the week of April 24 under the direction of Maurice E. Robinette, superintendent of mails.

The local survey is one of 500 such studies being made in post offices of all classes, James C. Shriver, postmaster, said. The department wants to ascertain the exact cost of operating the various parts of the postal service, he added.

Cumberland is one of the four post offices in Maryland where the cost analysis will be made. The other surveys will be held in Baltimore, Towson and Oldtown.

### All Items Included

Little has been done in the past to determine the exact cost of handling the different items included in the postal service. Cost data will be compiled for local letter mail, outside the city letters, domestic air mail, foreign air mail, newspapers and such items.

Free or "penalty" mail will also be studied. The volume of such mail here is not great, of course, but will be a factor in the study. During the week of April 24 the local office will compile statistics on each piece of outgoing mail and will classify and note the postage on each item. The same procedure is to be followed on a designated week in each quarter of the year.

### Will Check Time

Time consumed in window transactions will be determined. Both the number of transactions and the time consumed in window transactions will be checked. Averages will be determined on the basis of a one-hour's check each day.

Rural free delivery costs will not be included in the present analysis, but the department is planning to study the cost of such service later in the survey, according to James W. Webster, assistant postmaster.

Non-postal services, such as the certification of bonds, the issuance of war bonds and stamps, migratory bird stamps, auto use stamps and documentary revenue stamps will be studied to determine the amount of time consumed.

## 1,040 Anglers Buy Licenses

Trout Season Will Open Saturday; Creel Limit Is Ten Daily

Ten hundred and forty anglers have purchased resident fishing licenses at the court house for the three months' trout season which will get under way in Maryland on Saturday morning.

Thus far there has been little demand for other licenses, namely, non-resident, \$5.50; special license for residents of Virginia and West Virginia to fish on the South Branch of the Potomac river, \$1.75 and three-day tourists licenses, \$1.75, which must be returned three days after the expiration date.

It is unlawful for any person over 14 years of age to fish by any means without first procuring a license. Angling licenses expire December 31 and all licenses are void unless signed in ink by the licensee. For seventy-five cents, the law provides for duplicate licenses in case the original is lost or destroyed.

The creel limit on trout is ten a day for all species and the minimum size is seven inches. The trout season ends July 1 and expires on November 30.

## Ward Store Here Is Unaffected by Chicago Strike

Local Retail Branch Has No Association with Union, Kehoe Says

The strike called yesterday at Montgomery Ward and Company's central mail order house and retail store in Chicago will have no repercussions at the local retail department store, 157 Baltimore street, according to a statement issued last evening by Bradley S. Kehoe, manager.

"I'm positive that the Chicago strike will not affect us in any way," Kehoe declared, "because we have no association with the union."

When asked if the work stoppage at Chicago would affect mail order business at the local store, Kehoe replied in the negative, adding that mail order business transacted here is handled through the Baltimore mail order house which also is not affiliated with any union.

## 90 PER CENT STOP WORK, UNION PRESIDENT SAYS

CHICAGO, April 12 (AP)—A strike was called today at Montgomery Ward and Company's huge central mail order house and retail store and Henry B. Anderson, union president, claimed 90 per cent of the 5,500 persons employed had remained away from their posts.

The company, however, declined to issue any statement regarding the dispute.

Anderson, president of the local of the CIO United Mail Order Warehouse and Retail Employees Union, predicted the Chicago strike would have "national repercussions." He said the stop-work order was issued because "Montgomery Ward has defied two War Labor Board orders extending our union contract x x x and because the War Labor Board has failed to compel Montgomery Ward to obey those orders."

The union chief said the company was ordered by the WLB to sign union contracts with its employees in Detroit, Denver and Jamaica, N. Y., on August 20, 1943, but that it applied instead for a permanent injunction in federal court against the WLB.

"This strike is a move to impose the will of the government as expressed by the War Labor Board on an employer," Anderson said. "Its outcome will affect thousands of Ward workers throughout the country."

## MAN OVERCOME BY GAS FUMES IS IMPROVING

Overcome by gas fumes at his home yesterday morning, Clarence McDermott, 65, 126 Frederick street, was reported to be improving slowly in Allegany hospital last night. McDermott was admitted to the hospital at 12:30 p. m. yesterday in an unconscious condition but had regained his senses last night. Hospital attaches said he reacted favorably yesterday afternoon after he had been given a small amount of oxygen.

Detective Lieut. B. F. Gaffney, who investigated, said McDermott was found fully clothed, lying across the bed in his room by his landlady, Mrs. Bertha Frantz. She said the windows of the room were shut and the gas heater in the room was burning.

She summoned help from the Stein funeral home across the street, and McDermott was rushed to Allegany hospital. A physician reported McDermott was frothing at the mouth and attaches at the hospital reported he was unconscious, his face flushed and his pulse fairly good.

He was immediately given a small amount of oxygen and reacted favorably.

## TEXTILE WAGE CASE IS CERTIFIED TO WAR LABOR BOARD

Local 1874, Textile Workers Union of America, was notified yesterday that the United States Department of Labor Conciliation Service has certified its wage controversy with the Celanese company to the National War Labor Board April 5.

In his letter of notification, Herbert W. Payne, director of the Rayon division of the union, stated that the board has not yet determined whether the wage cases in the synthetic yarn industry will be heard by a national or regional board.

Wage negotiations opened in January when the union submitted wage proposals for its 9,000 odd members. Following the breakdown of negotiations with the company, the dispute was turned over to the conciliation service.

## Man Injures Wrist Cranking Truck

Joseph House, 35, 731 Columbia avenue, was treated in Memorial hospital at 10:25 a. m. yesterday for an injury of his left wrist, suffered while he was attempting to crank a truck.

Wentzen Miller, 17, 403 South street, Baltimore and Ohio railroad laborer, was treated in Memorial hospital at 11:10 a. m. yesterday for an injury of his left hip, suffered when he fell from a truck.

## Ballots Are Mailed To 165 Servicemen

Post Office Will Expedite Handling; No Postage Required

Ballots have been mailed to practically all of the 165 servicemen who have applied to the Board of Election Supervisors of Allegany county, Patrick F. King, clerk of the board, announced last evening.

As soon as applications are received, the board mails ballots to the men and women in the armed services. Mailings began March 30 and will continue until the April 24 deadline.

Requests for primary ballots must specify whether the serviceman desires a Republican or Democratic ballot.

### No Postage Required

Under a ruling announced yesterday by James C. Shriver, postmaster, ballots to servicemen will be sent and returned postage free. To expedite handling of such mail, letters will be sent by air whenever it is possible, Shriver added.

To aid in prompt handling, all such letters should bear the inscription, "Official Election War Ballot", and in the right upper corner, the following must be printed or written: "Free of Postage including air mail war ballot."

### Envelopes Are Prepared

Envelopes which comply with the above ruling are being printed now for the use of the county supervisors, Shriver said.

Ballots must be in the hands of the supervisors by the tenth day following the election to be valid.

## Induction of Ten Men Is Postponed By Local Boards

Pre-Induction Orders of Eighteen Selectees Are Cancelled

Prompt action on the part of Selective Service boards of Allegany county following the receipt Tuesday afternoon of orders to postpone the induction and pre-induction examinations of men 26 or over who are employed in essential industries resulted yesterday in the stay of induction of ten men and the cancellation of orders to report for pre-induction examination for eighteen other registrants.

Local Board No. 1, Virginia avenue, faced with a pre-induction group of sixty-six of its registrants who were scheduled to leave yesterday morning by bus for Baltimore, eliminated ten of the contingent under the ruling.

Local Board No. 2, which was scheduled to send thirty men for pre-induction tests, cancelled the orders of eight of the group.

No eliminations were made, however, from a group of fifteen men from Local Board No. 1 who left yesterday for induction into the navy. DeLisle Chaney, chief clerk of Board 1, announced.

### Seven Men Withheld

Under the directive from state headquarters, Local Board No. 1, yesterday announced that seven of the contingent of twenty-two men who were notified to report this afternoon to be sent to Fort George G. Meade for induction into the army, will be withheld. They are:

Neal G. Wilson, William J. Newman, Floyd R. Farris, James W. Evers, Jr., Charles F. True, Edwin C. Hoffman and Raphael H. Graebstein.

Any of the above men who desire to report for induction regardless of the order will be allowed to leave with the group, Chaney announced.

Eight registrants of Local Board No. 2 will leave this morning by bus for the Baltimore navy recruiting station for induction into the navy. P. Emmett Fahey, chief clerk, announced yesterday.

The recent directive resulted in the stays of induction of two men who were previously ordered to report, Fahey said. All but one of the contingent are over 26 but are not engaged in essential industries under Selective Service rules. Those who will leave for naval service are:

John Martin Cosgrove, 607 Sylvan avenue; Charles Cletus Zembower, 914 Harding avenue; John Richard Rank, 303 Valley road; Carl Edward Diehl, 108 Altamont terrace; Frederick Donald Sitcher, 440 Columbia street; Charles Riley Bauer, 611 Sylvan avenue; Glenn Irvin Nine, 700 North Mechanic street, and Charles Bernard Cosgrove, 449 North Centre street.

Board 2 also cancelled the order to report for one man who had been told to report this week for induction into the navy.

## Trio To Face Hearing On Disorder Charge

Charges of disorderly conduct were entered against James C. Helmick and Bertha Helmick, Wiley Ford, W. Va., and John Olaman, Maple-side, at 5:20 p. m. yesterday after a fight in front of a tap room on South Mechanic street. Officers John Powers and Ernest M. Powell, who made the arrests, said the charge was placed against the woman after she started cursing and swearing.

Olaman was released after he posted bond of \$10. The Helmicks were held in city jail for the hearing in police court this morning.

## Jackson Becomes Temporary Head Of Salvage Body

Smith Asks Relief; Can Collection To Be Held Soon

Kenneth E. Jackson, Scout executive of Potomac Council, Boy Scouts of America, has been named temporary chairman of the Allegany County Salvage Committee, W. Donald Smith, chairman, announced last night.

The announcement came after meeting of the salvage committee at which plans were completed to a tin can collection here next Friday and Saturday, April 21 and 22, and for a wastepaper collection on Sunday, April 30.

Smith said he asked the committee to name some one to take in place for the next several months because of the press of business affairs. He added that he expected to be out of Cumberland
